

COVID-19 Protocol

**Please be aware that per Colorado State/CDC guidelines,
mask wearing and other COVID-19 prevention requirements
are subject to change at any time.**

(This form was last Updated 10/4/2022)

We ask you kindly reschedule your appointment if you or anyone you have been in contact with have recently experienced any cold or flu like symptoms such as:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

Frequent hand washing with soap and water is key in preventing the spread of COVID-19

What you as the patient are kindly requested to do for COVID- 19 Prevention:

1. Each patient is only allowed to bring **ONE** accompanying adult with them for their **surgery**. For example, **ONE** parent, a spouse, **ONE** guardian, an interpreter etc. **An adult over the age of 21 should come to office visits and non-surgical visits alone** unless handicap, elderly, or in need of a care giver or interpreter, etc. We are limiting the number of bodies in our office at a time to the bare necessity. (Some exceptions apply, please call to confirm)
2. Per A.D.A. (American Dental Association) Patients are asked to rinse their mouth with 1% hydrogen peroxide solution immediately before their office exam or procedure. (1-part peroxide, to 2-parts water.) You may also use ACT Whitening Mouth Wash, or other mouth rinses from the store if they contain peroxide as an ingredient. (See image on the left)
3. Masks are worn by all our surgical assistants and Dr. Catalano during procedures. It is your personal decision whether you and your party would like to wear a mask during your visit or not. Please respect the decision of others regarding masks.

What Doctor Catalano & His Staff are doing to help prevent the spread of COVID- 19:

1. Dr. Catalano and his surgical assistants are wearing appropriate personal protective equipment (P.P.E.) when performing procedures. This includes but is not limited to single use gloves, disposable masks etc....
2. Each treatment room is thoroughly disinfected in-between each patient. All other areas of the office are constantly being sanitized/disinfected including the waiting room, wheelchairs used for discharge, all door handles, waiting room chairs etc.
3. All staff members are frequently washing their hands with soap and hot water.

Please feel free to call our office with any questions or concerns you may have at (303)-768-8222 opt. 4. We look forward to seeing you soon!

Thank you for playing a vital role in the safety of yourself & others!
